

Answers

1. E.g. Because it wastes natural resources, and it damages the environment.
2. It is buried in landfill sites or burned.
3. E.g. Everyone should try to live in a way that uses as few natural resources as possible so that there are enough left for people in the future.
4. E.g. When something is recycled, it's broken down and turned into new products, but when something is reused, it's used again as it is.
5. Any appropriate answer. E.g. Yes, because it lists the most important points in the article, which helps you to remember them.
6. E.g. To persuade people to recycle more.
7. E.g. It makes the text seem more personal, so the reader is more likely to be persuaded by the text because they feel like they are involved in doing the things it describes.
