Year R Newsletter

Last week the children thought a bit about what they might like to be when they grow up. I will upload some of their pictures and writing to Twitter this week.

Maths

This week we will be doing more work on doubles. The children need to know all doubles up to double 5. You can support at home by getting children to make doubles using different items eg. pasta. Show your child 3 and get them to match you and say how many altogether. Repeat for different numbers.

Phonics-We are learning:

This week we are learning:

Chapter 3 Set 2

Money for the school shop

Many children are bringing money into school and they are unable to say what it is for. If you would like your child to receive something from the school shop please put the money in an envelope. On the envelope, write your child's name and what they can use the money for. From now on, if your child brings in money that is not in a named envelope it will be returned to them. Hot chocolate costs 30p and is on sale Monday and Wednesday.

Parent consultations

The parent consultations will take place this week in person on Tuesday or online on Thursday. I look forward to meeting with each of you to discuss your child's progress so far. Reports were uploaded to Arbor on Friday please do look at these and add your comments via the link at the bottom of the report.

Thank you for your continued support.
