Year R Newsletter

I am sure that you will agree that the Infant Nativity on Friday was absolutely amazing. We are so proud of the children- they are all superstars!

This week, we will be completing lots of Christmas crafts, I'm sure that you will get lots of treasures home to enjoy!

Maths– Shapes with 4 sides

This week we will be learning about similarities and differences between squares and rectangles.

You can support your child by going on a shape hunt. What shapes can you find on the way home? Can they name the shape? Can they count the number of sides.

Phonics

This week we are not learning any new sounds but instead recapping the sounds from the last 3 weeks. We will also be assessing which sounds the children know and how well they can blend to read so we can plan for the next step after Christmas.

Reading books

As we have a short week next week, we will not be changing the children's books.

Please send folders in as normal this week.

Asia Day

Asia day will take place this Thursday 14th December. Children in black group ONLY will be allowed to come to school in their own clothes.

Thank you for your continued support.
