

Understanding of the World Activity

Princess Eliza turns into 7 different living creatures in the story. Do you remember what they were? These are all creatures that can be found in and around Britain. Imagine you are Princess Eliza, and you turn yourself into animals **from far away**. What animals would you turn yourself into? Draw pictures of 3 of them and write their names.

Wellbeing Activity

We all need to try to do the right thing. To do what are parents tell us and to be kind to one another. **Talk about** things we should do at home or in school. Talk about things we shouldn't do in school or at home. **Draw a picture** of something you should do at home or in school. **Write a sentence** to go with your picture. **(For the children returning to school, this will be completed in school.)**

This week's additional activities are based on the story of "The Princess and the Wizard" to link the learning with this week's Maths activities. If you don't have the book at home, you'll find the story here:

Physical Activity

Make yourself a wand, by rolling up a piece of paper and securing it with Sellotape or glue. Use your wand to make big stretches, zapping imaginary animals up high and down low.
