

Geography

Mapping Y5

We will practise these skills:

- Carry out a fieldwork survey and present results e.g. graphs, maps
- Draw a sketch map using symbols, a key, and identifying orientation
- Use and recognise OS map symbols regularly

We will use this vocabulary:

map, plan, route, bird's eye view, key, symbols, orientation, North, satellite, aerial

We will learn:

- Maps use symbols instead of words to label real-life features.

We will learn about significant people such as:

Lars and Jens Rasmussen
The Danish brothers are the inventors of Google maps.
