

Geography

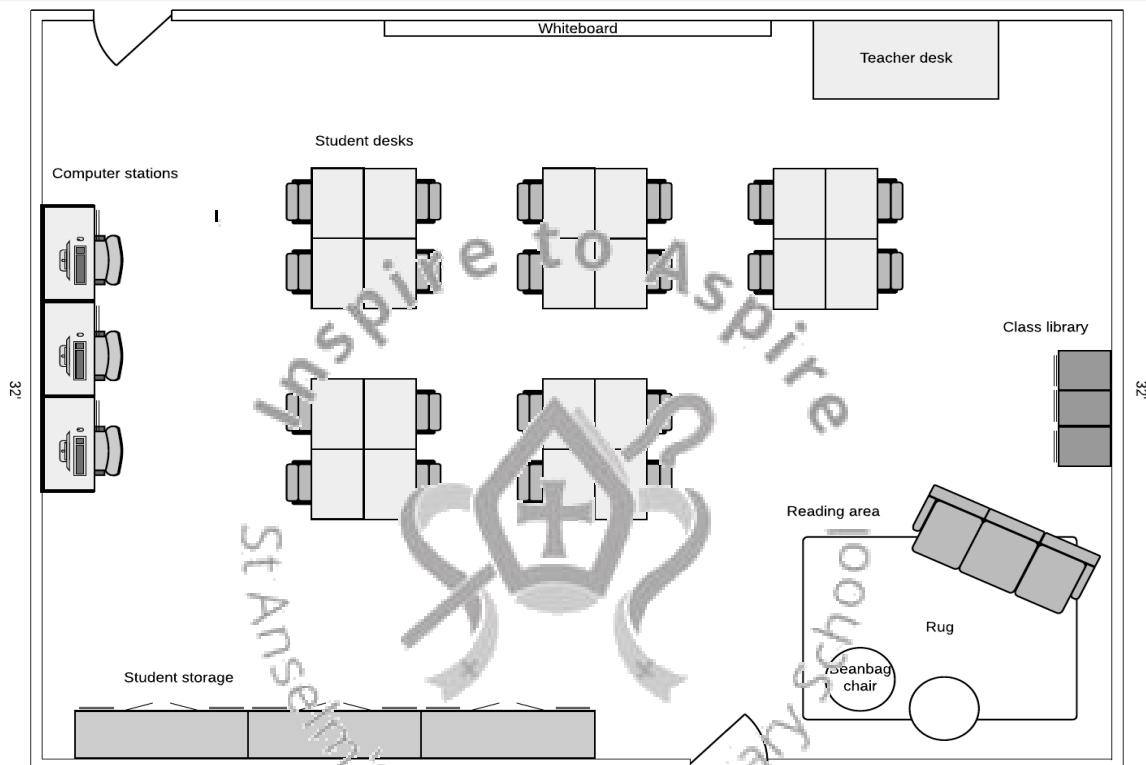

Mapping Y1

We will learn:

- When looking at objects from above you can see a 2D shape

We will practise these skills:

- Use a simple picture map to move around the school
- Start to make simple pictorial maps or plans of real or imaginary places

We will use this vocabulary:

- near and far
- up and down
- left and right
- forwards and backwards
- map
- plan
- bird's eye view

We will learn about these significant people:

Simone Niggli-Luder

A Swiss orienteering athlete who has twice won all four women's competitions at the world championships. She is widely seen as one of the greatest orienteers of all time.
