Sunflowers' Newsletter

We hope that you have all had a lovely half term. The children were keen to get back to school today and see all their friends.

Breakfast Bagels

As you may know from the end of last term, children are now being offered a small bagel as they arrive to school in the morning. If your child would like a bagel then they will be offered it while they are waiting with you along the fence at 8.30am. To give them time to eat the gate will then be opened a few minutes later.

Maths– Building 9 and 10

This week in Maths the children will be learning more about 9 and 10. They will be looking at how to make 9 and 10 in different ways as well as learning about the order of numbers up to ten.

There are fun games such as

<https://www.topmarks.co.uk/ordering-and-sequencing/coconut-ordering> and

others on the topmarks website

<https://www.topmarks.co.uk/maths-games/3-5-years/counting> which you might like to try at home.

Phonics- Red Words

In school the children are beginning to learn some 'red words'. These are words that often can't be sounded out. We say, 'You can't Fred a red!' The children need to know these words by sight which will help them with their reading. Regular practising is key to learning these and we hope that you will be able to help at home. I will put a video of the red words that we are learning on Google Classroom. As we learn more words I will add to this (usually weekly).

PE

PE will take place as normal this week. Please send PE bags in to school on Friday.

Thank you for your continued support.
