

# Geography

## Mapping Y4

### We will practise these skills:

- Develop field sketching skills complete with annotation.
- Follow a route on a large scale map
- Create a simple map identifying orientation (marking North)
- Recognise and use OS map symbols, including completion of a key and understand why it is important.

### We will use this vocabulary:

map, plan, route, bird's eye view, key, symbols, orientation, compass, North, scale

### We will learn:

- A compass is used to show direction
- A map has a title, a key and shows North

### We will learn about significant people such as:

William Roy (1726-1790)

Major-General **William Roy** was the founder of the Ordnance Survey.
