

# The Americas

Y6

## We will learn:

- To locate the world's countries, using maps to focus on North and South America concentrating on their environmental regions, key physical and human characteristics
- Understand geographical similarities and differences through the study of human and physical geography of a region in the UK and, a region within South America Use atlases to find out other data about places
- Use 6 figure grid reference accurately
- Begin to use and recognise atlas symbols

## We will practise these skills:

- Use an atlas to locate the countries of South America and other places quickly (by using contents and index pages)
- Use atlases to find out information about population density and climate.
- Use 6 figure grid references to accurately name and locate places in North and South America
- Identify physical and human features of South America and use the terms physical and human accurately
- Investigate and compare differences and similarities between the UK and South America (eg. physical features, land use, climate, currency, language, food, main religions)

## We will learn about these significant people:
