Sunflower Newsletter

Last week the children learned lots about keeping healthy. They sorted foods in to healthy and unhealthy categories and designed some exercise routines. I hope that they shared some things that they learned with you. As always, if the children continue their learning at home make an observation on tapestry to share with us.

Check out the Kent Messenger from Wednesday and you should find a 'my dad' supplement with pictures that the children drew of their dads for Father's day.

Story

This week we will be focusing on the story of 'Handa's Surprise'. If you are unfamiliar with the story there are a number of versions available on Youtube. The children will be drawing fruit and then using it to make a fruit salad. Talk about different fruits at home and perhaps encourage your child to taste something that they haven't had before.

Maths: Find my Pattern

This week we will be focusing on halving and sharing. You can support your child with this by showing them how you share out food during meal and snack times. How can we make sure that everyone has the same amount? Remind them about doubles from last week and relate this to halving eg. show 2 objects double this is 4 now halve it to show that there are 2 in each group.

Hot Weather

Please make sure that your child brings a named sun hat to school and make sure that they have their labelled water bottle with them. If they finish their water they can refill it at the sink. Sun cream should be applied before school. We will remind the children to drink water regularly and take regular breaks in the shade. Please make sure that names are on jumpers and cardigans as we had a few incidents last week of trying to get jumpers/cardigans back to children with no names in them.

Sports Day

Just a reminder that Sports day is on Friday 23rd June, please refer to last week's newsletter for more information about the day. Exact timings will be confirmed closer to the date.

Please Note: Children will be tasting fruits this week. Let Mrs Munday know if this will be a problem.

Thank you for your continued support.
