

Where does our food come from?

Knowing More, Remembering More

Remembering previous learning:

Where do you go often? School, supermarket, grandparents, Bluewater, clubs.

What country of the UK do we live in? We live in England

Where in England do we live? We live in the south-east of England

In this unit children will...

- understand geographical similarities and differences through studying the human geography of their local shops, and physical geography through studying nearby food growing or production
- use locational and directional language (e.g. near and far) to describe the location of features and routes on a map
- name, locate and identify characteristics of the four countries and capital cities of the UK, and its surrounding seas
- use world maps, atlases and globes to identify the UK and its countries, as well as the countries, continents and oceans studied at this key stage.

Key Learning Steps:

1. What can we buy on the high street?
2. How does our food get to us?
3. What plants does Mrs MacDonald grow on her farm?
4. What animals might Mrs MacDonald rear on her farm?
5. Can we create a great British picnic?
6. Can we create a Great British food map?
7. Big Finish - Can we create a Great British food map?

Key Vocabulary:

barley	human	milk
change (processed)	kitchen	mountainous
chickens	landmarks	North East
coastal	landscape	North West
cow	local	Northern Ireland
delivered	locality	oatcakes
East Midlands	stream/river	oats
East of England	supermarket	oilseed rape
eggs	tractor	packet
factory	traditional	pasture
farm	United Kingdom	physical
farmer	Wales	picnic
fast food	West Midlands	pig
fields	wheat	plant
flat	whole animal	pork pie
food	Yorkshire and the	raw ingredients
food story	Humber	Scotland
fresh food	London	shops
frozen food	lowland	South East
grassland	lunchbox	South West
high street	market	
hilly

Knowing More, Remembering More

Knowing more in Y2

Where is our local high street? Our local high street is in Dartford Town Centre

What food is sold there? They have McDonalds, KFC, African restaurants and Chinese restaurants.

What is fresh, frozen and fast food? Fresh food has not been preserved. Frozen food has been preserved by freezing. Fast food is cooked quickly for the customer.

Where does our food come from? Our food comes from plants or animals.

What is farming? Farmers grow our food. Plants are grown by farmers. Animals are bred and reared by farmers for meat, eggs and milk.

What does a 'Dairy Farmer' do? A dairy farmer rears cows for milk. The farmer uses machinery to milk the cows.

Where does farming occur? Farming occurs in the countryside, where there is land to grow crops or for animals to graze on.

What are the four countries of the UK? England, Northern Ireland, Scotland, Wales.
