Term 3
W/C: 24.02.20

Dear parents and carers
Welcome back. We hope you had a lovely half term break. Children have returned looking smart and ready to begin another exciting half term of learning.

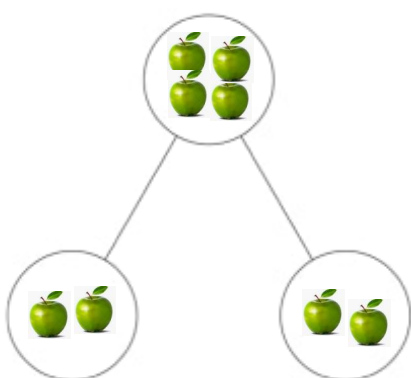

Maths Workshop

Just a reminder that our maths workshop will be held on Thursday 27th February at 2.45pm. We hope to see you all there.

Maths

This week in maths we will be looking at simple addition and will be introducing children to number sentences to accompany our calculations. To help at home, please start with practical activities such as putting 2 apples and 2 apples together and counting the total to get 4. If children can do this easily, they could then move onto additions presented pictorially like below.

After understanding these concepts, they can then move onto the abstract concept of a written number sentence like below:

$$2 + 2 = 4$$

Thank you for your continued support
Mrs Beckley and Mrs Kelly

People Who Help Us

Over the next two weeks we will be exploring the topic of People Who Help Us. Please support with this at home by exploring all the people who help your child, eg, grandparents, child minders, doctors, dentists, teachers etc. For a full topic plan please look under the following location on the school website: **Children, Class pages, Year R Sunflower Class, Spring Term Information.**

Parents Evening

Please be reminded that parents evenings will be held on 12th and 19th March. If you have not already done so, please return your appointment confirmation slip.
