

# Sunflowers' Newsletter

Term 3  
W/C: 20.01.20

Dear parents and carers

It was wonderful seeing so many of you last week at the Meet the Teacher sessions. We hope you found the information shared useful. If you did not attend the meeting, you can find the spring term newsletter on the school website, which details all of the information that was discussed at the meeting. The newsletter can be found under the following location:

**Children - Class pages – Year R  
Sunflower Class – Spring Term  
Newsletters.**

## Maths

This week in maths we will be continuing to explore number bonds to 5. A good way you can support with this at home is to make an 'adding machine' with your child.

You put a certain amount of objects down one tube (for example 3) and further objects down the second tube (for example 2). Children then explore the concept of combining two groups to make a total.

## Maths Workshop

As explained during the Meet the Teacher sessions, we will be holding a maths workshop for reception parents on Thursday 27th February at 2.45pm. Please put it in your diaries.

## Chinese New Year

This week we are learning about Chinese New Year. To see our full topic plan for the week, please go to the following location on the school website: **Children - Class pages – Year R Sunflower Class – Spring Term Information.**

Thank you for your continued support  
Mrs Beckley and Mrs Kelly
