Dear Parents and carers

We are looking forward to meeting with you at your 'Parent Consultation' appointment this week and talking to you about your child's learning. Please bring your Parent Consultation report to this meeting, with the parent comment box completed.

Phonics

We are very grateful for the support we have had with learning the sounds we have sent home. Many children can read all of the sounds we have learnt so far, which is due to practice at home as well as in school. Those children who have learnt all the sounds, and can blend them to read simple words, will be able to move on and follow the next stage of the phonics program over the next few weeks. This week, we will be learning v, y, w, th, z to read and write. We will also be using all the sounds we have learnt so far to read and write short words. Many of the 'alphablocks' episodes are great to support letter recognition and hearing and saying sounds within words. An app called 'teach my monster to read' is also available which helps with letter recognition and building small words.

Fireworks

This week we will be learning about 'Bonfire Night'. We will be reading stories about Bonfire Night and doing many different activities about this. We will have a focus on keeping safe around fireworks, please take some time to talk about this with your child.

Thank you for your
continued support
Mrs Beckley and Ms Head
