

Sunflowers' Newsletter

Term: 1
W/B: 30.9.19

Dear Parents,

It was lovely to see so many of you at the 'welcome assembly', and the 'meet the teacher' session afterwards on Friday. We are extremely proud of how well the children are settling in to new routines and expectations. We are working on helping the children learn how to put on their own coats, so they can be more independent when going outside. Please take some time to practise this with your child as the weather is now starting to change. Thank you for your support.

Phonics

Last week we learned 'm' and 'a'. This week we will be learning 's', 'd', 't', 'i', 'n'. A really useful video clip that shows you how to pronounce the sounds is https://www.youtube.com/watch?v=5J2Ddf_00m8

Maths

We are beginning our maths learning with number recognition, number formation and counting. We will be focussing on understanding that the final number we count is the total of the set. We are also making sure all children only point to one object for each number they count. You can help with this by counting while climbing stairs etc.

Thank you for your support
Mrs Beckley and Ms Head
