

# BRITISH VALUES

As part of our ongoing commitment to the British Values Curriculum and our unique *Rainbow Curriculum* here at St Anselm's, we invite you to read and this story with your children. Your involvement is crucial in reinforcing these values and qualities at home, so please take a moment to explore the themes and talk about them together. Let's work hand in hand to inspire thoughtful conversations and help our children be good friends, deep thinkers and morally responsible citizens with an active voice, who are informed to make positive contributions to society.

## In the news this week

The UK's first teacherless classroom, using AI (artificial intelligence) instead of human teachers, has opened. David Game College, a school in London, began its new course for twenty GCSE pupils in September. The pupils will learn using both AI platforms on their computers and VR (virtual reality) headsets.

### Things to talk about at home ...

- > What do you imagine it would be like to learn without a teacher? What difficulties do you think might arise? What do you believe the benefits could be?
- > What qualities do you think make a good teacher? Ask others at home. Do you agree on all of the qualities?

## Which British Value?

### RULE OF LAW

We respect the rules and laws of our society.

Laws help us to be safe, and happy.

### What can we learn from this?

The Department for Education is the part of the government that is responsible for schools and learning. They set out policies and rules about how and what we learn.

## Rainbow Curriculum Link

### RESILIENCE AND ADAPTABILITY

### What can we learn from this?

This story shows us that while real-life teachers are still the best at understanding and supporting us, we should also be open to what AI can bring. Teachers know how to explain things in a way that makes sense and can help us when we're feeling stuck, but AI can be a useful tool to give extra practice or make learning fun in new ways. To cope with changes like this, we need to be **adaptable** and ready to learn in different ways, which will make us even stronger learners.

Democracy	Rule of Law	Individual Liberty	Mutual Respect	Tolerance
