

Sunday 12th July, 2020

Hi Daisies,

Mrs Snowden here, at the start of the last full week of what has been a very strange school year! I hope that you and your families are all safe and well and slowly beginning to return to more normality (whatever that is!!!!). Have a look at the **Week 13 Timetable**. As it is the end of term, and we would be beginning to 'wind down' a little, I'll leave it up to you parents to decide how much you feel that your child must do this week. I've added all the usual activities so that there is work if needed.

Maths – There are 3 Maths activities that begin with a short teaching video. To watch these videos you need to follow this link-
<https://whiterosemaths.com/homelearning/year-2/>

(They videos are in the Summer Term/ Week 11 / W.C 6th July, folder – Lessons 1,3 and 4)

After watching the teaching video there is a worksheet to complete. The questions become steadily more challenging as you go through them. Do as many as you can and then mark your own work using the answer sheets that come after the questions. The videos are -

Lesson 1 – Litres

Lesson 2 – O'clock and Half past

Lesson 3 – Quarter to and past

The Reasoning activities are in a power point. There are 15 questions altogether so do 8 questions (slides 2-9) on Tuesday and 7 on Thursday (slides 10-16). Some of them are quite difficult so you may need to work with an adult. A good way to solve these types of problems is to draw pictures and diagrams. It really helps! Use the ANSWER power point to mark your Reasoning work. Check to see where you made mistakes in any that you get wrong and try them again. Be resilient!!! Don't give up!

Spelling – There are 16 new spellings. The very last ones for this year! The activities are -

Monday – 8 new words - Look, cover, write, check; **Tuesday** – An activity to practise the words; **Wednesday** – 8 more words - Look, cover, write, check; **Thursday** – An activity to practise these words; **Friday** – Spelling Test (Make a note of any of them that you get wrong and keep working on them)

English – There are a range of English activities in a power point on a web site called 'Pobble'. You need to follow the link below to access this power point.

<https://app.pobble.com/lessons/preview/7fb9f765>

On the timetable I have identified which days you should do each activity. These are also indicated on the power point.

Other Subjects – There are activities to complete for RE, Quest and Science.

Don't forget to complete your '**Transition to Year 3 Passport**' and send it to school for your new teacher.

Keep up to date with the '**Purple Mash**' activities and don't forget to leave me messages and check your rewards. If I set a 're-do' activity, I want you to have another try. If you still find it tricky, ask someone to help you.

Keep working hard, be superstars for your parents and I will see you all very soon.

Mrs Snowden x
