

Science Lesson 4

Food Chain

What is a food chain?

<https://www.bbc.co.uk/bitesize/clips/z8hxp4>

Activity 1:

Draw lines to match the words to the correct meaning.

Predator it is eaten by other animals.

Prey plants that make their own food.

Producer it eats other animals.

Activity 2:

Draw a food chain chart and start with a *primary producer* such as grass. What eats grass?

Add answers to the food chain and continue until you get a primary predator.

Challenge:

Think about what would happen if we took one step out of the food chain and discuss your ideas at home.
