

Sunday 14<sup>th</sup> June, 2020

Hi Daisies,

Mrs Snowden here! I hope that you and your families are all safe and well. Have a look at the **Week 9 Timetable** - Check the activities carefully and remember to stick to the timetable so that you are doing a range of different activities each day.

**Maths** – Just like last week, there are 3 Maths activities that begin with a short teaching video. To watch these videos you need to follow this link- <https://whiterosemaths.com/homelearning/year-2/> After watching the teaching video there is a worksheet to complete. The questions become steadily more challenging as you go through them. Do as many as you can and then mark your own work using the answer sheets that come after the questions. Hopefully the answer sheet won't have any errors!!! The videos are on the 'Summer Term Week 7' page -

**Lesson 1** – Unit Fractions

**Lesson 2** – Non- Unit Fractions

**Lesson 3** – Find a half

The Reasoning activities, like last week, are in a power point. There are 19 questions altogether so do 10 questions (slides 2-11) on Tuesday and 9 on Thursday (slides 12-20). Use the **ANSWER** power point to mark your Reasoning work. Check to see where you made mistakes in any that you get wrong and try them again.

**Spelling** – There are 16 new words to practise. The activities are -

**Monday** – 8 new words - Look, cover, write, check; **Tuesday** – An activity to practise the words; **Wednesday** – 8 more words - Look, cover, write, check; **Thursday** – An activity to practise these words; **Friday** – Spelling Test (Make a note of any of them that you get wrong and keep working on them)

**Comprehension** – There are 3 short comprehension activities this week. Remember to answer the questions in **full sentences** in your workbook. (The answer pages come after the questions)

Keep up your '**Daily Diary**' – just a few sentences each day to say what you're doing and how you're feeling.

**Keeping Active** – Try to do some kind of exercise every day. If you can't get outside or go for a walk, find the 'Joe Wicks Kids Workout 1' fitness video on 'You Tube'

Keep up to date with the '**Purple Mash**' activities and don't forget to leave me messages and check your rewards. Check the 'blog' as I usually leave a message and instructions for the writing activity.

**RE** – Miracles – 'Jesus feeds the 5,000'. We looked at this story earlier in the year so you should be good at this!

**Quest** – The Quest lesson this week involves finding facts about a country in Europe. Go through the power point and then choose a country that interests you.

**Science** – The science activity for this week is all about 'habitats' – (where different animals live). Follow the internet links and then complete the activity.

Keep working hard, be superstars for your parents and I will see you all very soon.
