

Today's task.

I want you to pick a woman who you think has made a difference during lockdown.

For example - Jacinda Ardern who is the Prime Minister of New Zealand.

Lady Gaga and her TV concert

Dr Rachel McGuinness working in a hospital ICU

(Intensive care Unit)

- Name of your chosen wonder woman.
- How old she is.
- What schools or university did she go to?
- If you can find out - why did she choose that particular job?
- Why has she made a difference during lockdown?
- What qualities does she have that has helped her do her job?
- What will her legacy be? Do you think people will remember the good job she has done?

You can choose anyone you know or someone famous.
